# UNIVERSAL WORSHIP SERVICE

*Presented by the Sufi Order International: An Interfaith Approach to Spirituality*

**Fourth Sundays of Each Month  
4:00 PM**

**at The Village Church  
343 S. Church Lane, West Los Angeles  
(Between Sunset and Montana, parallel to Sepulveda/405 Fwy.)**

**The Universal Worship** was founded by Hazrat Inayat Khan in 1921 to bring all of the world's religions together in order to promote tolerance, understanding and spiritual awakening for humanity. We offer a prayer service, kindling lights in honor of the world's religions and all the prophets. One candle, representing all traditions not named, with the words, "To the glory of the Omnipresent God, we kindle the light symbolically representing all those who whether known or unknown to the world, have held aloft the light of Truth through the darkness of human ignorance." Scriptures are read from each of the religions represented on the altar. The service uses music, song, dance, and meditation to uplift the participants. The Universal Worship is also a catalyst to bring together clergy and people of all religious faith in interfaith events.
